Neonatal brain resting state functional connectivity

January 17th, 2019 - Infancy is the most critical period in human brain development Studies demonstrate that subtle brain abnormalities during this state of life may greatly affect the developmental processes of the newborn infants

Port Manteaux Word Maker OneLook

January 16th, 2019 - Port Manteaux churns out silly new words when you feed it an idea or two Enter a word or two above and you ll get back a bunch of portmanteaux created by jamming together words that are conceptually related to your inputs For example enter giraffe and you ll get back words like gazellephant and gorilldebeest
